Subject: sequence alignment request (PLEASE)

David,

I need a special alignment done for a case.

It is 10/081,347. I need SEQ ID NO:2, positions 28-175, aligned with SEQ ID NO:16 in U.S. Pat. 6,013,477 (09/103,079).

The claim requires "at least 60% identity", and the overall sequence is 53.9 with 57.3, best local similarity. I have a feeling, that it could be 60% over the fragment.

Please let me know if you can get to this by Monday. I NEED the count DESPARATELY.

Thank you,

Christine Saoud
